ON-PROPERTY RECREATION; SPECIAL EVENTS AND SERVICES

Facilities

Guest Lounge: Located upstairs in the main house, Elk Cove's guest lounge is outfitted with a public phone, microwave, refrigerator, TV, videos and DVDs, and a library of books and games. A rooftop deck makes this another good place to enjoy the view.

Cocktail Bar: Elk's only fully licensed bar specializes in martinis, local wines, and single-malt scotches. Open until 9 p.m. daily.

Hot Tub: Guests sign up for exclusive use in half-hour increments, so privacy is assured.

Day Spa: Opening February 2003, the Elk Cove Spa will provide massage therapy, acupressure and aromatherapy facial treatments, dry brush and sea salt glow body treatments, mud and seaweed wraps, and body scrubs and polishes. Facilities will include a complete wet room with a Jacuzzi tub, sauna, and steam shower.

Services

In-room Spa Services: Massage therapy, acupressure and aromatherapy facial treatments, and dry brush and sea salt glow body treatments are available by appointment.

Special Dinners: Elk Cove Inn produces special dinners for up to 12 people, with custom menus based on guests' tastes. The inn produces Winemaker Dinners featuring food pairings with vertical tasting of local wines, an opportunity to meet local winemakers, and a bottle of wine to take home.

Weddings: Couples look to Elk Cove Inn for small, romantic weddings. The oceanfront gazebo is a popular spot for vows, and the inn can accommodate receptions for up to 20 guests.
